

Faux Webbing

By Brenda Harmless

Rubber Roadsters

Advanced Stamping Team Designer

These Faux webbing backgrounds are so quick & easy to create with basic stamping supplies you probably already have on hand! I had so much fun with this technique I created three different cards for you to enjoy!

Supplies

Signs of Autumn Stamp Set (Close To My Heart)

Curly Greetings Stamp Set (Close To My Heart)

Scarecrow Party Stamp Set (Close To My Heart)

Happy Day Stamp Set (Close To My Heart)

Sweet Occasions Stamp Set (Close To My Heart)

Ocean, Barn Red, Autumn Terracotta, & Golden Ember stamp pads (Close To My Heart)

Versamark stamp pad (Tsukineko)

White Daisy, Black, Colonial White, Ocean, Autumn Terracotta, and Barn Red Cardstocks (Close To My Heart)

Silver, Gold, and Black Super Fine Embossing Powder (Ranger Industries)

Watercolor Brush (Close To My Heart)

Silver Brads (Close To My Heart)

Large & Small Daisy Punches (Marvy)

Mono-Adhesive (Tombow)

Mini Pop Dots (All Night Media)

Rotary Paper Cutter (Fiskars 12")

Heat Embossing Tool (Close To My Heart)

Piercing Tool (Close To My Heart)

Plastic Wrap

Instructions:

To Create Faux Webbing Backgrounds:

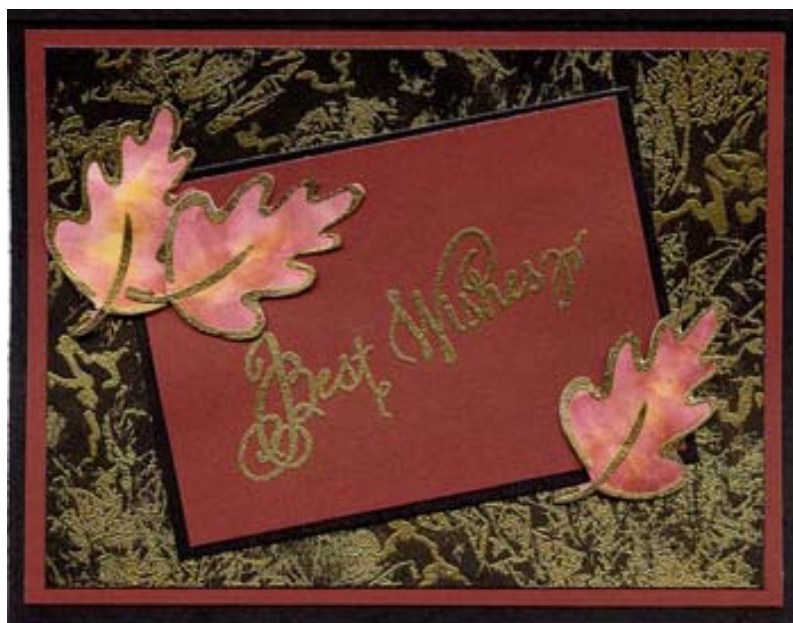

1. Cut background cardstock.

2. Tear about 8" of plastic wrap and ball it in your hand. Press plastic wrap in Versamark Ink pad, then *lightly* pounce on cardstock.
3. Sprinkle with super fine embossing powder and heat with heating tool to melt.

Note: You can achieve different webbing looks by the amount of pouncing and the pressure you apply when pouncing. It is also important to use super fine embossing powder to achieve a feathery look similar to webbing.

Signs of Autumn Card:

1. Cut Black cardstock to 3 3/8" x 5". Follow directions in step 1 above and use gold super fine embossing powder to create webbing on cardstock. Adhere Black cardstock to 4" x 5 1/4" Barn Red cardstock. Adhere this layer to a 4 1/4" x 5 1/2" Black card.

2. Cut Barn Red cardstock to 2 1/2" x 3 1/2". Stamp "Best Wishes" verse with Versamark ink, sprinkle with gold embossing powder and heat with heating tool to melt. Adhere this piece to Black cardstock cut 1/4" larger. Adhere layered verse to front of card.
3. Stamp 3 leaves from Signs of Autumn set using Versamark ink on white daisy cardstock. Sprinkle with gold embossing powder and heat with heating tool to melt.
4. Use the watercolor brush and Golden Ember, Autumn Terracotta and Barn Red ink from inkpads to paint each leaf. Paint by starting with lighter ink in the center and changing to darker inks as you move toward the outside edges of each leaf.
5. Cut leaves out and adhere with pop dots to front of card as shown.

Halloween Card:

1. Cut Autumn Terracotta cardstock to 3 3/8" x 5". Follow directions in step 1 above and use black super fine embossing powder to create webbing on cardstock.
2. Adhere Autumn Terracotta cardstock to 4" x 5 1/4" Black cardstock. Adhere this layer to a 4 1/4" x 5 1/2" Colonial White card.

3. Using Versamark ink, stamp cat from Scarecrow Party stamp set on a 2" x 2 3/8" piece of Autumn Terracotta cardstock. Sprinkle with black embossing powder and heat with heating tool to melt. Adhere this to a piece of black cardstock cut 1/4" larger. Adhere layered piece to front of card.

4. Using Versamark ink & black embossing powder, stamp and heat emboss the word "it's" from Happy Day stamp set, "baby" from Sweet Occasions stamp set, and "Halloween" from Scarecrow Party stamp set on Autumn Terracotta cardstock. Hand cut to desired shapes. Adhere each word to a larger piece of black cardstock and hand cut the black cardstock a little larger.
5. Position & adhere the word Halloween to card front. Using pop dots, position & adhere the words "it's" & "baby" to card front.

Daisy Card:

1. Cut Ocean cardstock to 4" x 5 1/4". Follow directions in step 1 above and use silver super fine embossing powder to create webbing on cardstock. Adhere background cardstock layer to a 4 1/4" x 5 1/2" White Daisy card.

2. Stamp the "For You" verse using Ocean ink on 1 ½" x 2 ½" piece of White Daisy cardstock. Adhere to Ocean cardstock cut ¼" larger. Adhere to front of card.
3. Punch 6 large and 6 small daisies from White Daisy cardstock. Layer smaller daisy on top of larger daisy and punch hole in center with piercing tool. Attach silver brads through hole in center of each white daisy. Adhere to card front with pop dots.
