Rubber Road Adventures Ezine

Supplies:

Scor-It Board
White cardstock (Becket Expressions)
Chalks (Stampin' Up!)
Color pencils (Prism)
Crystal lacquer (Sakura Hobby Craft)
Stickles Glitter glue (Ranger)
Double sided tape
Pop dots
Fence (Art Impressions)
Pool (Ann-ticipations)
Palm Trees (Rubber tree)

Directions:

1. Cut two pieces of white cardstock 7 1/2" x 4 1/2".
2. With the Scor-It Board, score each piece at the 1" and 6 1/2".
3. From one piece cut out a center piece 3 1/4" x 4 1/2".
4. On the other piece stamp the interior with the fence and color with pencils.
5. Chalk the sky and the ground on the interior and exterior pieces as shown.
6. On a separate piece of cardstock stamp the lady, pool and two trees. Color, cut out and apply crystal lacquer as desired. I applied it to the pool and the coconuts.
7. Adhere the front and back panels by placing tape

along the inside sides of the outer panel, and adhere it to the exterior sides of the inner panel. You have now created a box.

8. Apply pop dots to the diver and adhere her to the interior, back panel.
9. Using the Scor-It board, score the palm trees where they will fold over the corners. Adhere the trees down with tape.
10. Adhere the pool with tape to the front panel.
11. Apply glitter glue to the pool water, and set aside to dry.
